

GatorMUN XV

Results Packet

Notes

Since 2015, GatorMUN began releasing a full results packet detailing the results of every single delegate in every single committee. The figures listed here are meant to bring more transparency to the results process and to give delegates and advisors more feedback as to how delegates did and how awards were reached. As I'm sure many of you will note the cumulative score of a specific delegate does not always match up exactly with the awards given and that is because directors are given discretion to adjust their final awards. Reasons they may choose to do this include but are by no means limited to: a delegate improving as they learn Model UN and its various forms, a delegate making a major mistake or not participating throughout the conference, a delegate having a round that is more than 1 point better than the next closest competition, position paper considerations etc.
